Food Allergy and Intolerance or Religious Observance Information

Dear Parents,

Following recent government legislation and with the increase in the number of children taking up school meals, we are in the process of updating our records regarding children who have allergies, are intolerant to certain foods or do not eat certain foods due to religious observance.

In order to be able to do this, we are asking for parents to inform the school in writing of the specific foods your child has an intolerance or allergy to or do not eat on religious grounds. In relation to food allergies and intolerance we request that you support this with medical evidence.

We are aware that as children grow up an allergy or intolerance to various foods may no longer be present. Similarly, some children develop an increasing allergic reaction as they grow up.

We would also appreciate receiving this information as soon as is convenient, but by Friday 12 September at the latest.

Thank you very much for your co-operation in this matter.

Yours sincerely,

Mrs Emma Hart Dyke
Headteacher
